

IN THE SPECIFICATION:

A clean copy of the specification paragraph as amended here is included immediately below.

On page 1, at lines 15, please complete the information required in the blank and delete the reference to patent application number 183,819 — and also delete the reference to the final patent number for serial 09/642,417, not yet issued — so that the paragraph as amended reads thus:

7       Related documents are other, coowned U. S. utility-  
8       patent documents hereby incorporated by reference in  
9       their entirety into this document. One is in the names  
10      of Alexander Perumal and Paul H. Dillinger, and issued as  
11      U. S. 5,657,137. Another is in the name of Paul H. Dil-  
12      linger and issued as U. S. 5,377,024. Still others are  
13      in the name of Kent D. Vincent, U. S. 5,671,059; and in  
14      the names of Thomas H. Baker et al., U. S. 6,832,824.  
15      Yet another is in the names of Antoni Gil Miquel et al.,  
16      and is patent application serial 09/642,417.
